2015

- Grad Squad 15*, Curator, Islander Art Gallery, Corpus Christi, TX

Contracted and Commissioned Works

2022

- *Mummerations*. As part of my residence for Windgate I am commissioned to create a outdoor sculpture for the Arkansas Tech University permanent collection. *

2020

- Contracted as a fabricator to help OS3Studio in fabricating seven steel trees for a new wine bar in the Henry B. Gonzales Convention Center, 900 E. Market St. San Antonio TX.

2019

- *Bronze Base*. For glass artist Anne Burt. She asked me to design and fabricate a base in bronze for three hands cast in glass. Fabricated from plate and rod the end design was simple and sturdy allowing the focus to be on the sculpture.
- *Hands of the Past*. for American Association of Hispanics in Higher Education. 25 bronze vessels were created as gifts for conference speakers. They wanted something that represented the gift of knowledge from the past that they use to grow and prosper in the future. They wanted something that was more substantial than a plaque or trophy, so I worked with them to create bronze vessels with the impression of hand prints.

2018

- *Turtles at Play*, for TCG Development LLC, installed at The Viera
3010 Airline Road, Corpus Christi, TX. Three kemp ridley sea turtles that appear to be rising out of the ground, like they are bursting through the top of a wave. Cast in bronze it is designed to be

an iconic structure that is safe for children to play on as well as provide an ideal location for family photos.

- *Joe's Crab Shack Graphics*, for Joe's Crab Shack, 444 N Shoreline Blvd, Corpus Christi, TX. I was commissioned to re-paint all of the exterior graphics and hang new vinyl signs on their bathroom doors. I hand painted 'I Heart Crabs' in pictographs, 'Eat at Joe's' and Joe's Crab Shack." The location for each of the graphics were about 30ft up on their exterior walls and used a 42 ft personnel boom lift to reach them. I copied the damaged vinyl lettering on the bathroom doors, re-printed and installed them after cleaning the old lettering off.

- *I am the Way*, (clean), First United Methodist Church Corpus Christi, 900 S Shoreline Blvd Corpus Christi TX. Cleaned and resealed *I Am The Way* a 32 ft bronze sculpture of Jesus in front of the UMCCC. used a 42 ft personnel boom lift to reach the top of the sculpture.

2017

- *Wind and Wave*, for the City of Corpus Christi, installed at Collier Pool, 3801 Harris Dr, Corpus Christi, TX. Fabricated steel pergola structure designed specifically as a sculptural shade structure and to be an iconic location maker for the pool.

- *Shark*, for Joe's Crab Shack, 444 N Shoreline Blvd, Corpus Christi, TX

I was commissioned to re-furbish a 12 ft fiberglass shark that hangs above the entryway to the restraint. I reinstalled all the hanging hardware, patched all the holes and re-painted the shark before installing it above the entry.

2016

- *I am the Way*, (clean), for the First United Methodist Church Corpus Christi, 900 S Shoreline Blvd Corpus Christi TX. Cleaned and resealed *I Am the Way* a 32 ft bronze sculpture of Jesus in front of the UMCCC. used a 42 ft personnel boom lift to reach the top of the sculpture.

- *Untitled History* (relocate), for the City of Corpus Christi and the American Bank Center.

1901 N Shoreline Blvd, Corpus Christi, TX. The City asked us to move *Untitled History* by Mel Chin, this involved moving the 300 lb. Arkansas limestone sculpture and its base a 3000 lb. Texas limestone block safely and without damage to its new location.

Performance\ Participation

2016

- *Constellations*, (with Andy Griffith and his students from Carmarthen School of Art-Wales England, students from TAMUCC-USA, and students from Academy of Art and Design Wroclaw-Poland) Festival of High Temperatures at the Academy of Art and Design Wroclaw, Poland. In this performance students from three countries, under the guidance of Professor Andy Griffith, poured molten iron into a wooden trough to cast five orbs that were displayed red hot.

2015

-High-He High Heels, (with the artist 2fic, and 13 volunteers) Texas A&M University Corpus Christi, TX. In this performance 14 men performed a choreographed marching sequence in high heels

Speaking Engagements

2022

- *My Journey as an Artist*. Russellville Rotary Club. 120 East Harrell dr. 30 minuet presentation on my work, how sculpture is made, and what my plans were as the Windgate artist in residence are. I also answered questions from the Rotary Club members.

2021

- *How I make sculpture*. Pre-K 4 SA, Digital. I spent 60 minuets with Mrs. Arricastress and her Pre-k class talking about how I make sculpture and what art is. An amazing experience that coincided with the *Gracias San Antonio* piece where I collaborated with the students to make a work of art.

2019

- *I am an Artist*. Pre-K 4 SA, City of San Antonio 5230 Eisenhower Road, San Antonio, Texas 78218. I spent 50 minuets with Mr. Meza and his Pre-k class talking about and making art. An amazing experience that coincided with the *Gracias San Antonio* piece where I collaborated with the students to make a work of art.

2018

- *Sculpture, Being a Creative Professional and Higher Education*. Christian Academy of Guatemala, Sector A-10, Zona 8 de Mixco, Ciudad San Cristóbal Guatemala. A 50 minute artist lecture with 20 high school students using PowerPoint and physical examples. This lecture focused on professional practices, advice for attending college, metal casting, and fabrication.

- *Sculpture and Professionalism*. Christian Academy of Guatemala, Sector A-10, Zona 8 de Mixco, Ciudad San Cristóbal Guatemala. A 50-minute artist lecture with 13 middle school students using PowerPoint and physical examples. This lecture focused on drawing, metal casting, and fabrication.

2017

- *Sculpture, What, How, and Why*. K-space Mural Arts Summer Camp. Corpus Christi, TX. 30-minute artist lecture to 20 high school students using PowerPoint and physical examples. This lecture focused on metal casting and fabrication.

Workshops

2021

- SLOSS at TAMUCC cast iron event. TAMUCC 6300 Ocean Dr, Corpus Christi, TX 78412. My self and several other alumni were invited back to TAMUCC for a Cast iron event that coincided with the virtual Sloss event. Sloss is the international convention for cast iron art

traditionally held at Sloss Furnaces in Birmingham Alabama. Due to Covid restrictions SLOSS is being broadcast as a digital event and TAMUCC conducted an Iron pour and workshop that coincided with it.

- Scratchblock workshop and casting demo. Victoria College, 2200 E Red River St, Victoria, TX 77901. This workshop focus on the process of casting relief sculptures carved into resin bonded sand blocks. Through the use of a mobile foundry, we can bring metal casting to universities, and community events that otherwise would not be able to explore these techniques and medium.

2019

- Dios de los Muertos after school fun, Guadalupe Community Center, San Antonio, TX

In this workshop I instructed 30 students ages 6-12 in a fun, creative, and engaging class where they made paper marigolds and air dry clay sugar skulls. The objective was to give the students a break from preparing for their star exams and engage their creativity. By having the create décor for the upcoming dios de los muertos celebration I was able to incorporate historic and cultural information into the lesson.

2017

-Death Mask workshop, TAMUCC, Corpus Christi TX, instructed students in the safe way to cast a living person face with plaster, and cast a plaster positive.

2016

-Resin Bonded Sand Workshop, Academy of Art and Design, Wroclaw Poland. Aided students in building flasks, mixing and ramming sand, gating and venting patterns for resin bonded sand molds to be cast in iron.

-Highschool casting, Assisted Professor Jack Gron (Professor of Art, Sculpture Head, Texas A&M University Corpus Christi,) with a one-day scratch block workshop with his mobile foundry program for local high school students

2015

-Assisted Professor Jack Gron (Professor of Art, Sculpture Head, Texas A&M University Corpus Christi,) with several one day scratch block workshop for his mobile foundry program

Technical Skills

2020

- Gallery Tec, I assist the Galleries manager in hanging and prepping the galleries for shows.

- Woodshop Tec (Manager,) I Manage the Woodshop at Texas State University. Woodshop Tec (Manager,) I am in charge of safety, maintenance, cleanliness, and student workers. I provide instruction to students on various techniques and tools used in the Woodshop to facilitate their creative practices. I give demos on the proper use of all tools in the Woodshop and sculpture studio including all metal fabrication tools and the foundry. I provide demos on mold making for cold and hot casting, I act as a Teacher Aid during class's. I work with the instructor of record to facilitate the educational needs of the students.

2019

-Ceramic tec. I have assisted and fired many types of kilns and firings for ceramics including electric kilns for bisque and low to mid fire. Gas kilns to cone 10, and for oxidation and reduction. Raku kilns and soda fire kilns.

2017

-Business owner (LLC,) with sculptor Paul Seaman. I am co-owner of Monument Fine Art and Sculpture Conservation. We focus on creating and maintaining sculpture. We work on public works, private commissions, art handling, and community outreach through the arts.

2016

-Contractor (Sculptor,) Various private and public contracts including, Park and Recreation Corpus Christi, Corpus Christi, TX (professional cleaning and resealing of bronze, and stainless steel sculptures.)

2015

-Graduate Assistant (Shop Technician,) Texas A&M University, Corpus Christi, TX (Extensive operational and safety knowledge of a variety of woodworking power tools, hot work equipment, such as: table, compound miter, jig and band saws, planers, drills, routers, TIG and MIG welders, grinders, wax melt-out and Skutt ceramic kilns)

2013-14

-Fabricator (Welder,) MacFarlane Douglas interior/exterior landscape company, Chicago, IL (Extensive operational and safety knowledge in the fabricating of mild steel; through the processes of bending, cutting, and welding various types of plate, rod and pipe. The operation of the company vehicles and equipment; pickup, dump, 18' and 24' box trucks, forklifts, skid steer, and scissor lifts. Stocking and maintaining the metal fabrication shop through budgeting consumables per project, on site installation and repair, such as: installing 40' Christmas trees, 15' wreaths, lighting outdoor trees, benches, bike rests, and general landscaping)

2002-05

-Studio Assistant to Eric Blome (Sculptor), Figurative Arts Studio LLC,

Lakemoor IL (Operational knowledge of mold making, loss wax casting, the construction and maintenance of bronze sculpture and general studio maintenance and cleanliness)

Clubs, Affiliations, Organizations

2020

-Texas Sculpture Group (TSG) (member)Chapter of International Sculpture Center. a nonprofit 501(c)(3) organization

2017

- the Planetary Society, (member,) a nonprofit 501(c)(3) organization

2016-2018

-Member, (independent,) The Art Center of Corpus Christi, a nonprofit 501(c)(3) organization
